Dear Duplin County Health Department:

I am pleased to inform you that Community Care of North Carolina, Inc. ("CCNC") has awarded your practice a one-time capacity building grant in the amount of **\$25,812.00** which represents \$13.50 per member as calculated based on your total April 2024 attribution of **1,912 members** as reported in the member files provided to CCNC by each of the Medicaid Prepaid Health Plans (PHP) for that month. As attribution rates vary from month to month, this attribution data was the most current and accurate data available. If your practice is a multi-site organization, please note that individual payments will be made at the location level.

Please note, this Capacity Grant Award letter is being sent to you as the Primary Business Contact for your practice and we encourage you to share with others in your organization that may need official notification of the grant.

The purpose of this grant is to further CCNC's charitable mission to improve the health and quality of life of all North Carolinians by building and supporting better community-based health care delivery systems and should be applied consistently therewith. Acceptable uses for these funds include, but are not limited to:

- Hiring staff to manage quality improvement
- Improving workflows to close care gaps and quality gaps
- Employing certified coder/risk coder
- Ensuring timely transitional care visits and care management referrals
- Other activities to drive value-based care performance improvement

Consistent with CCNC's tax-exempt status, grant funds may not be used for lobbying or partisan political activities.

This grant period will be one (1) year and the award will be made in a single payment by EFT, labeled "Capacity Bldg Grant 2024" on or before June 28, 2024. Your acceptance of these funds will constitute your agreement to use the funds for capacity-building purposes, such as those described above. Any funds remaining at the end of the grant period must be used for value-based care capacity building purposes.

Thank you for all that you continue to do for the health and quality of life of your patients.

Subject: Supporting Women’s Health Services – AA 175 Funding	
Summary, explanation, and background: <p>In December 2023, the Duplin County Health Department received state funding from NC DHHS, NC DPH, and NC Women, Infant, and Community Wellness Section (WICWS) to increase access to contraceptives and improve maternal and infant health within local communities by supporting women’s health services. The health of women of childbearing age and infants is critical to the health of our communities as some key indicators that provide information on the health of women and infants include unintended pregnancies, infant mortality, and maternal mortality. For the next 3-consecutive years (June 2024-May 2025, June 2025-May 2026, and June 2026-May 2027), the health department will receive \$125,000 annually.</p>

I. Background:

In Session Law 2023-14, Section 4.1, the North Carolina General Assembly established funding to be distributed to local communities to increase contraceptive access and/or to improve maternal and infant health for underserved, uninsured, or medically indigent patients. Under the Supporting Women's Health Services program, funding will be distributed to local health departments/districts to implement evidence-based strategies (EBSs) that have been proven to be an effective means to improve birth and maternal outcomes through addressing pregnancy intendedness, and/or infant or maternal mortality.

Data from the 2020 Pregnancy Risk Assessment Monitoring System (PRAMS), based on a random sample of 777 women who had recently given birth, shows that 24.8% of North Carolina mothers responded that they wanted to be pregnant later or not at all while another 16.5% were ambivalent about the pregnancy. Women who were young, black and/or of lower socioeconomic status were more likely to report an unintended pregnancy. Women who have unintended pregnancies are at a greater risk for poor birth outcomes.¹

In 2021, the infant mortality rate in North Carolina was 6.8 infant deaths per 1,000 live births. The disparity ratio between non-Hispanic White and non-Hispanic African American births remained greater than twofold. The Supporting Women's Health Services program is focusing on this disparity while addressing the overall infant mortality rate.²

Template rev. June 2023

According to the 2014-2016 data, the Maternal Mortality Rate (MMR) in North Carolina is high among Black pregnant women at 27.7 deaths per 100,000 live births.³ This rate is 1.8 times higher than the MMR among white pregnant women.⁴ Such high rates are particularly concerning provided that the 2014-2016 North Carolina Maternal Mortality Review Report determined that 70% of the pregnancy-related deaths that occurred were preventable.

II. Purpose:

This Agreement Addendum implements the Supporting Women's Health Services program in the Duplin County Health Department to conduct at least one out of seven available EBSs, to lower the unintended pregnancy rate, overall infant mortality rate and/or the maternal mortality rate in the county.

The seven available EBSs are: Extended Clinic Hours, Satellite Clinic Locations, Birth Doula Services, Group Prenatal Care, Home Visit for Postnatal Assessment, Community Health Worker Integration, and Behavioral Health/Maternal Mental Health Providers. The Duplin County Health Department shall implement the following selected EBSs: Group Prenatal Care and Community Health Worker Integration.

III. Scope of Work and Deliverables:

The Local Health Department (LHD) shall:

1. Implement the following EBSs:

- a. **Group Prenatal Care** — Group Prenatal Care is a model of group care where pregnant individuals, who are due at about the same time, meet with their provider and other pregnant individuals for group sessions over the course of their pregnancy. Group sessions are 90 minutes to 2 hours in length and consist of health assessments, facilitated group discussion and interactive activities and education on timely pregnancy, birth, and postpartum topics. Data supports that women have experienced positive birth outcomes and lower racial disparities for low birth weight and preterm births by participating in the group care model.

1. Program activities shall include:

a. For a new group prenatal care program:

- 1) Choosing to implement either the Centering Healthcare Institute (CHI) Centering Pregnancy model or the March of Dimes (MOD) Supportive Pregnancy Care model.
- 2) Hiring or reassigning program staff to conduct group sessions (providing health assessments, facilitating interactive group discussions, and providing education and materials on health topics).
- 3) Coordinating training for program staff in the selected model (CHI or MOD).
- 4) Conducting at least 2 groups serving pregnant individuals meeting for 10 sessions, which follows the recommended schedule of prenatal care visits

b. For an existing group prenatal care program:

- 1) Supporting existing program staff and/or hiring or reassigning additional program staff to conduct group sessions (providing health assessments, facilitating interactive group discussions, and providing education and materials on health topics).

³ NC Maternal Mortality Review Report

⁴ NC Maternal Mortality Review Report

- 2) Coordinating training for new or re-assigned program staff in the selected model.
 - 3) Conducting at least 3 groups serving pregnant individuals meeting for 10 sessions, which follows the recommended schedule of prenatal care visits.
2. Collect data on program participants and report on an annual basis. Program participant data shall include demographic information, prenatal care visits, breastfeeding initiation and duration, delivery outcomes, and birth outcomes.
 3. Develop and administer a participant satisfaction survey to evaluate services and submit an annual satisfaction survey summary report. The patient satisfaction survey should measure the patient's expectations for care and if they were met.
 4. Distribute a patient experience survey to patients assessing the group prenatal care model. The survey is developed by the WICWS and a QR code and online link will be provided to the LHD to distribute to patients who volunteer to complete the survey. A summary of responses will be provided annually by the WICWS to the LHD.
- b. **Integrate a Community Health Worker (CHW)** — A CHW is a trusted member of the community served and/or have a close understanding of the community served, which enables the CHW to serve as a liaison/link/intermediary between health/social services and the community. This also enables the CHW to facilitate access to services and improve the quality and cultural competence of service delivery. CHWs are qualified to work with individuals of reproductive age, their children, and families in efforts to improve community outcomes for maternal and infant health.
1. Activities include:
 - a. For new sites,
 - 1) Integrating a CHW model into at least one existing LHD evidence-based strategy or program area aimed to improve reproductive life planning and maternal and/or infant health.
 - 2) Developing a plan for CHW integration and implementation that includes:
 - a) A description of the program in which CHW will be integrated
 - b) Scope of practice for CHW
 - c) Additional training to be provided to CHW.
 - 3) Hiring at least one CHW to carry out the selected program area (Paragraph a. above).
 - 4) Registering for NC Community Health Worker Association sponsored training, if needed. Each CHW must complete one of the training tracks within nine months of registration date.
 - b. For sites which started in FY24,
 - 1) Continuing to integrate the CHW model into the identified LHD program.
 - 2) Continuing to implement the plan outlined for CHW integration into an existing LHD program.
 - 3) If not completed in FY24, hiring at least one CHW to carry out the selected program area.
 - 4) If not completed in FY24, registering for the NC Community Health Worker Association sponsored training, if needed. Each CHW must complete one of the training tracks within nine months of registration date.

2. Educating pregnant and postpartum program participants about 12-month postpartum Medicaid coverage, application process for Medicaid, and re-certification for Medicaid
 3. Making referrals based on participant need for resources.
 4. Collect data on program participants and service deliverables and report on an annual basis. Program data shall include demographic information on clients receiving CHW services.
2. Ensure all program staff complete at least 4 hours of training (in-person or virtual) that is focused on health equity, health disparities, or social determinants of health to support individual competencies and organizational capacity to promote health equity by May 31, 2025. Documentation of training completion shall be submitted upon request to the DPH Program Contact and/or be made available for review during the monitoring visit.
 3. Notify the DPH Program Contact in writing when changes occur to program staff responsible for implementing the selected EBSs, no later than 7 days after the change occurs. In the event of staff turnover, the LHD should submit a coverage plan to the DPH Program Contact outlining the plan for completing program activities during that time.
 4. Participate in program webinars and meetings as required by the DPH Program Contact.
 5. Participate in all evaluation and program activities as required by the DPH Program Contact.
 6. Maintain the confidentiality of program participants' records and secure in locked storage.
 7. Adhere to the following service quality measures:
 - a. All services will be provided in a culturally and linguistically appropriate manner.
 - b. Educational materials that are utilized for the program are recommended to be developed at or below the sixth-grade reading level.

IV. Performance Measures / Reporting Requirements:

3. For sites starting in FY24, at least two prenatal groups shall be conducted by May 31, 2025.

<u>Reporting Interval</u>	<u>Report Due Dates</u>

December 2024 – February 2025	March 15, 2025

(The information provided for the final quarter is to be provided as part of the Annual Program Report in Subparagraph b. below.)

The quarterly data report provides participant data to demonstrate the LHD progress for each selected EBS. Data report templates detailing what data to provide will be provided by the DPH Program Contact.

- b. Submit an **Annual Program Report** to the DPH Program Contact by June 15, 2025.

If funds in the original approved budget need to be realigned, the LHD must submit a budget realignment to the DPH Program Contact. Submission of a budget realignment request must be at least 30 days before funds are requested to be realigned. No funds should be moved or expended before written approval is received from the DPH Program Contact. Budget realignments need to be submitted by April 30, 2025.

- d. Submit one **annual participant satisfaction survey summary report** for each EBSs: Group Prenatal Care and Community Health Worker Integration to the DPH Program Contact by June 15, 2025. Original copies of the participant satisfaction surveys are to be available for review during every site visit.

V. Performance Monitoring and Quality Assurance:

1. The WICWS will monitor the LHD by:

- Reviewing the required monthly IR reports to determine whether the funding is being spent appropriately. If funding does not seem appropriate, the DPH Program Contact will request documentation for expenses in question.
- Reviewing the required quarterly data reports to determine whether the LHD is on track to meet program deliverables. If data does not demonstrate the program is moving forward, the DPH Program Contact will follow up to determine if technical assistance is needed.
- Conducting periodic site visits as needed (minimum of one per year) as determined by the DPH Program Contact. These site visits will assess if program funds are used appropriately, and services are provided effectively through the review of fiscal and programmatic records. Prior notification will be given as to the specific fiscal and programmatic documents to be reviewed during the remote review.
- If there are findings during the site visit that warrant corrective action, a corrective action plan (CAP) will be developed with timelines given for completion by the LHD. The CAP will be included in the site visit report and sent to the LHD within 14 days of the review. If there are no

adverse findings during the site visit, the site visit report will be sent to the LHD within 30 days of the site visit.

2. If the LHD is deemed out of compliance with contract deliverables, the DPH Program Contact shall provide technical assistance and funds may be withheld until the LHD is back in compliance with program deliverables. If technical assistance does not prove beneficial, the Agreement Addendum may then be terminated.

VI. Funding Guidelines or Restrictions:

1. Requirements for pass-through entities: In compliance with 2 CFR §200.331 – *Requirements for pass-through entities*, the Division of Public Health provides Federal Award Reporting Supplements to the Local Health Department receiving federally funded Agreement Addenda.
 - a. Definition: A Supplement discloses the required elements of a single federal award. Supplements address elements of federal funding sources only; state funding elements will not be included in the Supplement. Agreement Addenda (AAs) funded by more than one federal award will receive a disclosure Supplement for each federal award.
 - b. Frequency: Supplements will be generated as the Division of Public Health receives information for federal grants. Supplements will be issued to the Local Health Department throughout the state fiscal year. For federally funded AAs, Supplements will accompany the original AA. If AAs are revised and if the revision affects federal funds, the AA Revisions will include Supplements. Supplements can also be sent to the Local Health Department even if no change is needed to the AA. In those instances, the Supplements will be sent to provide newly received federal grant information for funds already allocated in the existing AA.

This Agreement, entered into as of this 15th day of July, 2024, by and between the County of Duplin (hereinafter referred to as the "County") and the Eastern Carolina Council Area Agency on Aging, (hereinafter referred to as the "Area Agency").

Witnesseth That:

WHEREAS, the Area Agency and the County agree to the terms and conditions for provision of aging services in connection with activities financed in part by Older Americans Act grant funds, provided to the Area Agency from the United States Department of Health and Human Services through the North Carolina Division of Aging and Adult Services (DAAS) and state appropriations made available to the Area Agency through the North Carolina Division of Aging and Adult Services, as set forth in a) this document, b) the County Funding Plan, as reviewed by the Area Agency and the Division of Aging and Adult Services, c) the Division of Aging and Adult Services Home and Community Care Block Grant Procedures Manual for Community Service Providers, d) the Division of Aging and Adult Services Service Standards, and, e) the Division of Aging and Adult Services Community Service Providers Monitoring Guidelines.

3. Grant Administration.

The grant administrator for the Area Agency shall be: Heather O'Connor, Human Services Director. The grant administrator for the County shall be: Bryan Miller, County Manager. It is understood and agreed that the grant administrator for the County shall represent the County in the performance of this Agreement. The County shall notify the Area Agency in writing if the administrator changes during the grant period. Specific responsibilities of the grant administrator for the County are provided in paragraph seven (7) of this Agreement.

4. Services authorized through the County Funding Plan, as specified on the Provider Services Summary format(s) (DAAS-732) are to commence no later than July 1 of the state fiscal year and shall be undertaken and pursued in such sequence as to assure their expeditious completion. All services required hereunder shall be completed on or before the end of the Agreement period, June 30 of the state fiscal year.
5. Assignability and Contracting. The County shall not assign all or any portion of its interest in this Agreement. Any purchase of services with Home and Community Care Block Grant for Older Adults funding shall be carried out in accordance with the procurement and contracting policy of the community services provider or, where applicable, the Area Agency, which does not conflict with procurement and contracting requirements contained in 45 CFR Part 75, Subpart D-Post Federal Award Requirements, Procurement Standards. Federal funds shall not be awarded to any subrecipients who have been suspended or debarred by the Federal government. In addition, Federal funds may not be used to purchase goods or services costing over \$100,000 from a vendor that has been suspended or debarred from Federal grant programs.
6. Compensation and Payments to the County. The County shall be compensated for the work and services actually performed under this Agreement by payments to be made monthly by the Area Agency. Total reimbursement to the community service providers under this Agreement may not exceed the grand total of Block Grant funding, as specified on the Provider Services Summary format (DAAS-732).
 - a. Interim Payments to the County

Upon receipt of a written request from the County, the Division of Aging and Adult Services, through the Area Agency, will provide the County Finance Officer with an interim payment equivalent to seventy percent (70%) of one-twelfth (1/12) of the County's Home and Community Care Block Grant allocation by the 22nd of each month.

b. Reimbursement of Service Costs

Division of Aging and Adult Services Home and Community Care Block Grant Procedures Manual for Community Services Providers.

If through the U.S. Department of Agriculture Area Agency on Aging Elections Project, the County elects to receive a portion of its USDA entitlement in the form of surplus commodity foods in lieu of cash, the Area Agency will notify the County in writing of its community valuation upon notification from the Division of Aging and Adult Services. The delivery of commodity and bonus foods is subject to availability. The County will not receive cash entitlement in lieu of commodities that are unavailable or undelivered during the Agreement period.

7. Reallocation of Funds and Budget Revisions. Any reallocation of Block Grant funding between counties shall be voluntary on the part of the County and shall be effective only for the period of the Agreement. The reallocation of Block Grant funds between counties will not affect the allocation of future funding to the County. If during the performance period of the Agreement, the Area Agency determines that a portion of the Block Grant will not be expended, the grant administrator for the County shall be notified in writing by the Area Agency and given the opportunity to make funds available for reallocation to other counties in the Planning and Service Area or elsewhere in the state.

The County may authorize community service providers to implement budget revisions which do not cause the County to fall below minimum budgeting requirements for access, in-home, congregate, and home delivered meals services, as specified in Division of Aging and Adult Services budget instructions issued to the County. If a budget revision will cause the County to fall below minimum budgeting requirements for any of the aforementioned services, as specified in Division of Aging and Adult Services budgeting instructions issued to the County, the grants administrator for the County shall obtain written approval for the revision from the

Area Agency prior to implementation by the community service provider, so as to assure that regional minimum budgeting requirements for the aforementioned services will be met.

In accordance with Lead Regional Organization (LRO) policy, a written decision shall be promptly furnished to the designated grants administrator for the County.

The decision of the LRO is final unless within twenty (20) days of receipt of such decision the Chairman of the Board of Commissioners furnishes a written request for appeal to the Director of the North Carolina Division of Aging and Adult Services, with a copy sent to the Area Agency. The request for appeal shall state the exact nature of the complaint. effective date of termination. In such event, all finished documents and other materials collected or produced under this Agreement shall at the option of the Area Agency, become its property. The County shall be entitled to receive just and equitable compensation for any work satisfactorily performed under this Agreement.

The County agrees to have an annual independent audit in accordance with North Carolina General Statutes, North Carolina Local Government Commission requirements, Division of Aging and Adult Services Program Audit Guide for Aging Services and Federal Office of Budget and Management (OMB) Uniform Guidance 2 CFR Part 200.

Community service providers, as specified in paragraph one (1), who are not units of local government or otherwise subject to the audit and other reporting requirements of the Local Government Commission are subject to audit and fiscal reporting requirements, as stated in NC General Statute 143C-6-22 and 23 and OMB Uniform Guidance CFR 2 Part 200, where applicable. Applicable community service providers must send a copy of their year-end financial statements, and any required audit, to the Area Agency on Aging. Home and Community Care Block Grant providers are not required to submit Activities and Accomplishments Reports. For-profit corporations are not subject to the requirements of OMB Uniform Guidance 2 CFR Part 200, but are subject to NC General Statute 143C-6-22 and 23 and Yellow Book audit requirements, where applicable.

Federal funds may not be used to pay for a **Single or Yellow Book audit** unless it is a federal requirement. **State funds** will not be used to pay for a **Single or Yellow Book audit** if the provider receives less than \$500,000 in state funds. 18. Interest of Members of the Area Agency, Lead Regional Organization, and Others. Those schedules are posted at <https://archives.ncdcr.gov/government/local>.

Retention requirements apply to the community service providers funded under this Agreement to provide Home and Community Care Block Grant services. By funding source and state fiscal year, the NC DHHS record retention schedule lists the earliest date that grant records in any format may be destroyed. The State Archives provides information about destroying confidential data and authorized methods of record destruction (paper and electronic) at <https://archives.ncdcr.gov/government/records-management-tools/faq#how-can-i-destroy-records>.

The NC DHHS record retention schedule is based on federal and state regulations and pertains to the retention of all financial and programmatic records, supporting documents, statistical records, and all other records supporting the expenditure of a federal grant award. Records legally required for ongoing official proceedings, such as outstanding litigation, claims, audits, or other official actions, must be maintained for the duration of that action, notwithstanding the instructions of the NC DHHS record retention and disposition schedule.

In addition to record retention requirements for records in any format, the long-term and/or permanent preservation of electronic records require additional commitment and active management by agencies. The community service provider will comply with all policies, standards, and best practices published by the Division of Aging and Adult Services regarding the creation and management of electronic records.

23. Applicable Law. This Agreement is executed and is to be performed in the State of North Carolina, and all questions of interpretation and construction shall be construed by the laws of such State.

In witness whereof, the Area Agency and the County have executed this Agreement as of the day first written above.

North Carolina Beaver Management Assistance Program Policies and Procedures Summary for Counties

The NC Beaver Management Assistance Program (BMAP) provides beaver damage management through a combination of fully funded and cost-share services in which state and federal agencies, counties, and individual landholders work together to address problems caused by beaver. Each year counties can opt into the program at their preferred participation level. More information about the program can be found online at www.newildlife.org/bmap.

Program Administration

Beaver damage management services are provided directly by USDA-Wildlife Services (WS). WS and the NC Wildlife Resources Commission (WRC) share responsibility for administering the program under the direction of the Beaver Damage Control Advisory Board (NC Statute [113-291.10](#)). The program has been serving North Carolina citizens since 1993.

Cooperative Cost-Share

In participating counties, landholders experiencing beaver damage can receive BMAP services at a reduced cost-share rate. The cost of these services is shared between the landholder, participating counties, WS and the WRC. The roles of each entity are as follows:

Participating Counties

Counties that opt into the program must contribute a \$6,000 baseline participation fee that is used to provide beaver damage management services to landholders at the reduced cost-share rate. BMAP services provided on state highways, roads, and bridges are funded separately out of NCDOT's maintenance budget, at no cost to counties. Each county typically receives 60–84 site visits in a year (29-43 DOT, 31-41 non-DOT). The number of site visits varies based on demand for services and availability of funding/personnel. Counties may arrange to receive expanded services by agreement with WS.

All NC counties receive a written letter each January inviting them to participate in the program. To participate in the upcoming state fiscal year (July 1 – June 30), each county must:

- Provide written notification of their intent to participate no later than May 1 of each year.
- Establish a cooperative service agreement with WS no later than June 1 of each year.
- Submit payment of the \$6,000 participation fee to WS no later than July 31 of each year.
- Identify a BMAP liaison who collaborates with WS personnel throughout the year to prioritize requests and facilitate BMAP service in that county.

Landholders

In participating counties, landholders will:

- Request assistance with beaver damage issues through the county BMAP liaison or directly through WS personnel assigned to that area.
- Sign a cooperative service agreement (CSA) and a work initiation document giving written permission for WS to conduct this work on their lands.
- Provide funds according to the CSA for work conducted by WS personnel. Landholder cost-share fees are \$25 per visit (up to 15 visits per year) and \$150 per dam removed. An initial consultation is provided free of charge. Landowners are also provided guidance on addressing beaver damage themselves at no charge.

USDA Wildlife Services

WS implements the program by providing beaver damage management services directly to landholders, and:

- Notifies counties of their eligibility to participate no later than January 31 of each year.
- Hires and supervises professional wildlife specialists to conduct beaver damage management activities throughout the state.
- Maintains records of rendered services and expenses throughout the year.
- Reports annually on all BMAP activities to the WRC.
- Provides technical assistance regarding beaver damage management and non-lethal options for beaver damage control at no cost.

Wildlife Resources Commission

WRC provides annual funding to be distributed for beaver damage management services among participating counties. Funds are distributed based on how many counties participate each year. For example, WRC contributed \$385,000 from its general funds (license revenues) in FY 2023-24 and 56 counties chose to participate in

BMAP, so each of these counties gained access to around \$6,875 in beaver damage management services in addition to the participation fee, totaling \$12,875 in services.

Prioritizing Requests for Assistance

Requests for assistance are generally addressed on a first-come, first-served basis with top priority placed on services that address threats to public health and safety, particularly along highway rights-of-way. DOT agreements are always prioritized in emergency situations, defined as when water is going over roads or water is threatening to reach the road within the next twenty-four hours. In general, the following priority rankings are observed when responding to requests for assistance:

- 1) State highways, roads and bridges
- 2) County-owned property in participating counties
- 3) Private property in participating counties
- 4) City/municipality-owned property in participating counties
- 5) Other property (e.g., publicly traded corporations)

Landholder Guarantee

BMAP activities are guaranteed for 30 days following the completion of a project. If a problem recurs within the guarantee period, the project is reworked at no additional charge.

Reference: Hazard Mitigation Grant Program (HMGP) Project 4393-0017-R Duplin County: Acquisition of Seventeen (17) Residential Structures Expedited –Additional Sub-Recipient Management Cost Funding

Dear Ms. Stalls,

North Carolina Emergency Management (NCEM) Hazard Mitigation (HM) is pleased to inform you that an additional \$38,327.95 of sub-recipient management costs (SRMC) for the project referenced above is approved. This brings Duplin County's total SRMC funding for this project to \$130,246.95. The additional management cost is being updated in EMGrants for your project.

The approved cost increase provides funds to support the demolition work the county must complete, which was not completed by the end of the Public Assistance (PA) funded work which ended on September 14, 2021.

In order to receive the county's SRMC, you must submit your reimbursement request in EMGrants. Please remember proper documentation must accompany the request for reimbursement. Proper documentation must show who worked on the project, the number of hours they worked, their weighted rate of pay per hour, the property address and activity worked. If you are using management costs to pay a consultant to assist in the completion of your project, then the consultant must also provide their time spent in a management role for you and justify their time as specified for a sub-applicant's employee time. Subrecipients will be reimbursed up to 5% of submitted **ACTUAL** costs expensed. Final adjustments to management costs will be made at closeout when the total award amount is determined based on actual costs to complete the scope of work.

As soon as we receive your reimbursement request, which must be a minimum of \$500 for this office to process, we will review submitted documentation. If any discrepancies, you will be contacted to correct. Otherwise, we will approve as expeditiously as possible to reimburse your expenses.

Please contact your assigned Project Manager from the HM office if you have any questions.

County of Duplin
Office of the County Commissioners

**RESOLUTION BY THE COUNTY OF DUPLIN
AUTHORIZING EXECUTION OF KROGER OPIOID SETTLEMENT AND APPROVING THE
SECOND SUPPLEMENTAL AGREEMENT FOR ADDITIONAL FUNDS**

WHEREAS, the opioid overdose epidemic has taken the lives of more than 37,000 North Carolinians since 2000; and

WHEREAS, the COVID-19 pandemic has compounded the opioid overdose crisis, increasing levels of drug misuse, addiction, and overdose death; and

WHEREAS, the Centers for Disease Control and Prevention estimates the total economic burden of prescription opioid misuse alone in the United States is \$78.5 billion a year, including the costs of healthcare, lost productivity, addiction treatment, and criminal justice involvement; and

WHEREAS, certain counties and municipalities in North Carolina joined with thousands of local governments across the country to file lawsuits against opioid manufacturers, pharmaceutical distribution companies, and chain drug stores to hold those companies accountable for their misconduct; and

WHEREAS, a settlement has been reached in litigation against the Kroger Co. (“Kroger”) as well as its subsidiaries, affiliates, officers, and directors named in the Kroger Settlement; and

WHEREAS, representatives of local North Carolina governments, the North Carolina Association of County Commissioners, and the North Carolina Department of Justice have negotiated and prepared a Second Supplemental Agreement for Additional Funds (SAAF-2) to provide for the equitable distribution of the proceeds of these settlements; and

WHEREAS, by joining the settlements and approving the SAAF-2, the state and local governments maximize North Carolina’s share of opioid settlement funds to ensure the needed resources reach communities, as quickly, effectively, and directly as possible; and

WHEREAS, it is advantageous to all North Carolinians for local governments, including Duplin County and its residents, to sign onto the settlements and SAAF-2 and demonstrate solidarity in response to the opioid overdose crisis, and to maximize the share of opioid settlement funds received both in the state and this county to help abate the harm; and

WHEREAS, the SAAF-2 directs substantial resources over multiple years to local governments on the front lines of the opioid overdose epidemic while ensuring that these resources are used in an effective way to address the crisis;

NOW, THEREFORE BE IT RESOLVED, that the Board of Commissioners of Duplin County hereby authorizes the County Manager or County Attorney to execute all documents necessary to enter into opioid settlement agreements with Kroger, to execute the SAAF-2, and to provide such documents to Rubris, the Implementation Administrator.

Adopted this the 15th day of July 2024.

Dexter B. Edwards, Chairman
Duplin County Board of Commissioners

Dear Mr. Brandon McMahon,

I am writing to express QEH Transport LLC's (d/b/a StellarMed Mobile Transport) intention to obtain a franchise agreement with Duplin County. This partnership between StellarMed Mobile Transport and Duplin County EMS offers numerous benefits for both parties:

1. **Enhanced Service Coverage:** Leveraging StellarMed Mobile Transport's resources, personnel, and ambulances during periods of increased call volumes allows Duplin County EMS to expand its service coverage effectively.
2. **Improved Response Times:** With additional ambulances dedicated to Duplin County and 24/7 availability, response times for non-emergency transport can be significantly reduced, ensuring prompt access to medical care for patients.
3. **Increased Efficiency:** StellarMed Mobile Transport's operational model, including 12-hour rotating shifts and adequate staffing, enhances operational efficiency, allowing Duplin County EMS to meet transport demand effectively.
4. **Cost Savings:** By partnering with StellarMed Mobile Transport, Duplin County EMS can potentially achieve cost savings in various areas, such as equipment maintenance, personnel training, and administrative overhead.
5. **Collaborative Approach:** The partnership fosters a collaborative approach between the two organizations, enabling seamless cooperation to meet the needs of the community and enhance the overall healthcare system in Duplin County.

At StellarMed Mobile Transport, we believe that everyone has the right to safe, professional, and reliable transport services, especially when accessing essential medical care. Our vision is to become the premier transport provider across North Carolina, enhancing the well-being of individuals and communities we serve.

Our mission is to provide safe, compassionate, and efficient transportation solutions that prioritize the comfort and dignity of our passengers. Guided by our core values of compassion, safety, integrity, excellence, collaboration, and continuous improvement, we aim to exceed expectations and improve the quality of life for those in need of non-emergent medical transport.

Our founder, Dr. Arin Piramzadian, is a board-certified Emergency Medicine Physician with over 12 years of experience. Driven by a deep commitment to patient care, Dr. Piramzadian saw the necessity for a transportation service that goes above and beyond the ordinary. That's why our team consists of certified EMTs who are not only highly skilled but also dedicated to ensuring the safety and comfort of our patients.

StellarMed Mobile Transport operates 24 hours a day, 7 days a week, providing you with the peace of mind that comes from knowing your patients or residents are in the hands of professionals who genuinely care about their well-being. We offer a level of service that you can rely on, whether you represent a healthcare facility or an assisted living community.

Enclosed, please find the franchise application for StellarMed Mobile Transport. We are applying for non-emergency BLS transport services in Duplin County, with the ability to provide emergency 911 BLS backup based on unit availability and requests.

Re: 2024-2025 EZ Grant Application - Story Walk around the county with Me!

Dear Laura,

Congratulations! The State Library is pleased to inform you that this application has been approved for funding in the amount of **\$19,402.00**, with a \$2,307.00 match contingent on budget changes. Construction costs are unallowable and have been removed from the overall cost of project. Please submit a revised budget in the GMS; an example budget is available in the GMS.

A public announcement of all 2024-2025 LSTA grant awards will be made today and grant awards will be listed online at <https://statelibrary.ncdcr.gov/services-libraries/grants-libraries/lsta-grant-information>.

To make it easier for signatures to be gathered in a timely fashion, agreements are sent via DocuSign. How DocuSign works: the Library Director receives the documentation first, then after checking the cover page for accuracy and filling in any missing information, attach any other necessary documents, and then sign the agreement. The agreement is then automatically sent to the 2nd signer, which is the Local Government or Institutional Representative for the awarded library.

Once that person signs, the agreement package is then sent automatically to the State Librarian for execution. Once the State Librarian has signed, all parties receive a completed copy from DocuSign. Please keep this for your records, you will not receive a copy in the mail. LSTA Staff will then email the Project Manager a notification that spending may begin, which includes important information about administering the grant, and any necessary attachments.

Keep in mind that:

- The library's authorized representatives AND the State Librarian must sign the Grant Agreement for the grant to be considered fully executed; thereby completing the awarding of funds. Funds cannot be encumbered or spent until you have been notified that spending may begin.
- The Project Manager is the primary contact between your library and the State Library for the life of the project. It is expected that when questions arise about expenditures, reimbursements, reporting, and anything else related to the grant, the Project Manager will be the State Library's primary point of contact. It is the library's responsibility to notify the State Library of changes in Project Manager information.
